

# SPRING SALE 2026

[CLICK HERE TO DOWNLOAD THE FLYER](#)

[www.deltaart.ca](http://www.deltaart.ca)

COPIC® acrea Markers are water-based, opaque paint markers. With fully opaque ink, these color markers can be used for layering and coloring various materials and dark surfaces. From creating illustrations with a wider range of expression to expressing simple messages, you can enjoy them in any way you like.

COPIC® acrea Markers can also be used in conjunction with COPIC® alcohol markers. You can use them to broaden the range of expression in your illustrations by adding details, highlights, or overlaying drawings made with alcohol markers.

Professional spray paint for writing: high coverage, high control, soft valve designed for graffiti and gentle pressure. The quality level of Loop™ paints is positioned on the highest quality standards, the result of years of experience in the industry and research of its laboratories, in collaboration with the most famous international writers. The formula of Loop™ paints is an exclusive formula, which according to users is unmatched on the market. The "Sweet Pressure" valve offers a smooth and satisfying spray feel, while the low atomization ensures clean, smooth application with minimal overspray. **14LOO... COMING SOON**

## QoR Watercolour

The unique formulation of QoR Watercolours accentuates the luminosity and brilliance of pigments even after drying. QoR provides the subtlety, transparency and flow of a great watercolour, with colours that have as much vibrancy and fire as the best acrylic or oil paint. Choose from 83 high-intensity colours. Available in 11ml tubes and sets. [11QOR7000...](#)

## Winsor & Newton Designers Gouache

Winsor & Newton Designers Gouache is celebrated for its exceptional brilliance, opacity, and strong tinting power. This finely ground, water-based paint is ideal for illustrations created with pen, brush, or airbrush. All Designers Gouache colors seamlessly blend with Winsor & Newton Artists' and Cotman watercolors. For fine art painting, it is best to use watercolor papers. However, for design and illustration projects intended for electronic scanning and reproduction, illustration board or Hot Press watercolor paper is recommended to achieve a flat finish that reproduces beautifully. ### Origin Acrylic is a

Eco-designed high-viscosity acrylic available in 48 colours.

A high-quality formula with a matte finish and a rich, dense, nervous texture that allows artists to retain the marks of their brushes and knives. Malleable for thick work and impastos, it also lends itself easily to brush application.

High pigment concentration for intense colour and excellent lightfastness. A single-pigment colour that guarantees a particularly luminous, deep shade that retains its brilliance and purity when mixed.

Eco-designed range formulated from 100% recycled binder, reducing the carbon footprint by 80% compared to a non-recycled binder. Made in France from 96% European raw materials. Paint packaged in an eco-tube made from FSC®-certified PE paper, reducing the amount of plastic used by 31%\*. \*compared to a 60ml plastic tube.

## Willow Woolfe Siren Watercolor Brushes

Siren® is an innovative blend of synthetic squirrel with superior water holding capacity, soft yet supple shape retention and the ability to create both fine details and broad washes without leaving strokes.

Premium Synthetic Squirrel Blend. Short Handle with smooth matte finish. Where other brushes lose form, Siren® responds beautifully, guiding pigment with control. Inspired by the movement and mystery of water, Siren® embodies the essence of water. Our round is a new shape for synthetic squirrel offering a shorter taper with a fine point and full belly. This allows for greater control when painting a bit more snap. It's Willow's favourite for petals and strokes. [24WIL...](#)

## Canson Mi-Teintes Velvet

**The benefits of Mi-Teintes® Velvet paper**  
Mi-Teintes® Velvet paper offers many benefits for pastel artists. An ideal paper for pastels, it ensures a smooth application and allows unlimited overlaying of colours, giving life to vivid, exquisite works. The paper quality eliminates the need for a fixative, making it easier for artists to work and preserving the purity and luminosity of the colours applied.

Exceptional pigment adhesion for brilliant, long-lasting results, allowing works to retain their intensity over time. The use of wet techniques opens up new creative possibilities, inviting artists to explore without constraints. A choice of 14 colours, offering a variety of backgrounds to suit every artist's vision.....

## Color Shapers

Colour Shapers are highly versatile painting tools which can be used for painting, drawing, printmaking and sculpting. With a handle like a brush, Colour Shapers have a silicone tip and are available in 5 shapes, 3 levels of firmness and 5 sizes. All firmnesses can be used with paints, glazes, wax, plaster, pastels, and adhesives, and even to blend or smudge pastels and charcoal. Clay Shapers are designed specifically to be used with wet clay, since their tips are extra firm, but can also be used with the same mediums as Colour Shapers. Both Colour Shaper and Clay Shaper allow you to move paint easily, apply pastel, carve images in wet paint, sculpt clay, and remove paint. They can be used alongside regular brushes to create a variety of decorative effects. Because the tips do not absorb paint like a brush, they can be simply wiped clean, or dried paint can just be peeled off.
