Amsterdam Stand. Acrylic

Acrylic colours are a quick-drying paint based on 100% acrylic resin (a synthetic dispersion). When applying acrylic colours thinly and/or thinned with water, a watercolour effect can be obtained. Usually, however, acrylic colours are applied thickly and the result appears like that of oil colours. Many artists prefer acrylic colours because acrylic colours dry much more quickly than oil colours and are practically odourless. **77 colours** available in 120ml. And 500 ml. containers. Faber 9000 Pencils

Top quality for writing, drawing and sketching. Carbon-neutral production. With environmentally-friendly water-based varnish. Break-resistant lead due to secural bonding process (SV). Its quality and finely graduated degrees of hardness have made it a firm favourite with artists and illustrators. Its lead is fully bonded with the wood surround and is therefore particularly break-resistant. The Castell 9000 is available in 16 different degrees of hardness, and sets of 6 and 12 pencils. Progresso Woodless Coloured Pencils Set

Koh-I-Noor uses rich, top quality pigments for their Progresso woodless pencils. These They also maintain excellent light permanency, creating vibrant, durable pieces of art. Another key component of the are the special oils used in the pencil lead. These oils, along with other binders, allow the pencil to create dense, even strokes without the use of heavy pressure. These 7.6mm lead diameter are not encased in wood like other pencils; this reduces the loss from sharpening and maximizes the use of the entire lead. The end result is water-resistant, non-toxic and suitable for all artists.

Tiziano is a high cotton content, acid-free paper paper. The internal and external sizing also makes it suitable for letterpress, light water media, and printmaking. Recent modifications offer a higher cotton content for a softer feel and greater tooth on both sides. Slower production speeds produce a natural woven texture with a handmade quality, excellent surface making and sizing which make this paper also suitable for pastels, pencil, graphite, charcoal, tempera, air brush and watercolour techniques. Tiziano can be used for all printing technique.

Mi-Teintes Pastel

Canson® Mi-Teintes® is a pulp-dyed colour paper that has won worldwide recognition for its qualities. It is gelatine stock-sized which limits the

absorption of pigments in order to show colours at their best. It has a high cotton content (more than 50%) combining mechanical resistance and a sensuous feel. Canson® Mi-Teintes® complies with the ISO 9706 standard on permanence, a guarantee of excellent conservation. Furthermore it has the advantage of having a different texture on either side: a honeycombed side characteristic of Mi-Teintes®; and fine grain on the other. It boasts the richest range of colours on the market, with 50 light-resistant tones. [57CAN70723...](#)

Willow Wolfe Siren Watercolor Brushes

Premium Synthetic Squirrel Blend, Short Handle with smooth matte finish. Where other brushes lose form, Siren® responds beautifully, guiding pigment with control. Inspired by the movement and mystery of water, Siren® embodies the essence of water. Our round is a new shape for synthetic squirrel offering a shorter taper with a fine point and full belly. This allows for greater control when painting with a bit more snap. It's Willow's favourite for petals and strokes. [24WIL...](#)
