### W&N Designers Gouache

Winsor & Newton Designers Gouache is celebrated for its exceptional brilliance, opacity, and strong tinting power. This finely ground, water-based paint is ideal for illustrations created with pen, brush, or airbrush. All Designers Gouache colors seamlessly blend with Winsor & Newton Artists' and Cotman watercolors. For fine art painting, it is best to use watercolor papers. However, for design and illustration projects intended for electronic scanning and reproduction, illustration board or Hot Press watercolor paper is recommended to achieve a flat finish that reproduces beautifully.

## Winsor Newton Series 7 Sable Brushes **Save 45% Off Retail**

## Holbein Watercolours

Without ox-gall, other animal by-products or other dispersing agents, Holbein watercolor moves slowly, thus permitting greater color density and brush control. It is a color line with a consistent creamy texture that remains smooth when dry without cracking, crumbling, chipping or molding in the palette. It may be re-wetted easily like a pan color. For this reason Holbein does not produce watercolors in pan form but allows artists to create their own selection.

## Rosa Watercolour

ROSA Gallery Fine Art Watercolour Paints are made of organic gum arabic and premium finely ground organic and inorganic pigments.

Our peculiar feature is the development of ROSA Paints in collaboration with professional artists. At early stage key features of paints such as colour palette, transparency and intensity of each colour, paint consistency and easy brushing are defined. Available in singles and sets.

# ACRYLICS

## Liquitex Acrylics & Mediums

Liquitex is the only acrylic brand to offer three uniquely different ranges of professional color to suit the needs of the artist. That in mind, range-specific handling characteristics are established so that every Liquitex paint feels just right - never too sticky or slippery. The low-odor acrylic resin base represents the latest in acrylic resin technology, offering increased open time and producing colors of great clarity with very low wet-to-dry value shift. The paint films are highly flexible, durable, non-yellowing, UV resistant, water-resistant and pH neutral when dry. All Liquitex Professional Colors can be intermixed with each other and as well as all Liquitex Mediums! [12LIQ...](#) & [17LIQ...](#)

# OILS

## Holbein Oil Paint

Holbein maintains its quality standards by test inspection of pigment purity, color tone, applicability and adhesion, physical stability, light stability, thermo-stability, and anti-bacterial stability. Pigments are ground from three to five times as necessary to achieve a universally consistent viscosity. The manufacturing process in each of the preparation, mixing, grinding, adjustment, and filling stages is monitored by reference to optimum quality standards. [10HOLH...](#) **Save 40% off Retail**

## Richeson Lypus Dulce Easel

The sliding mast moves independent of the painting tray, offering artists a greater variety of settings in which to work. By extending the mast to its highest point and leaving the painting tray in its lowest setting, artists are able to work on very large canvases. Alternately, by moving the mast to its lowest setting, especially where ceiling height is a concern, artists can work both sitting and standing allowing for great versatility. With its H-frame construction and quad base, this easel offers great stability for working seated or standing. A slide and lock system adjusts the height.

Maximum canvas height: 84" Base width/depth: 21" x 24"  
Compact easel height: 58" Extended easel height: 95" Box dimensions: 57" x 21" x 4" Shipping wt: 28 lbs.

[30JAC840200](#) Reg. \$748.05 | **Sale \$299.00**
