Emotions Extra-Fine Acrylic

EMOTIONS is an extra-fine acrylic that meets all the requirements of a high-quality paint. It is formulated with fine art-grade pigments, combining purity and exceptional performance for intense, luminous, and long-lasting colours with a satin finish. The binder, made from the highest quality 1200% acrylic polymer, ensures excellent adhesion and increased UV resistance. The current palette of 36 colours has been designed to meet the diverse needs of artists. Throughout the year, the collection will be expanded with the addition on new shades. bringing the total to 70. In a later phase, the EMOTIONS range will also be expanded with painting mediums. Sales

Tri-Art Heavybody Acrylic

A high performance paint known for its unique consistency, vibrancy and range of colour selection. Colours are thick and creamy with the ability to hold extreme textures and the fidelity and signature of a brush stroke normally associated with oil paints. It is 100% finest acrylic emulsion paint and highest-grade pigments to reveal authentic pigment characteristics and colour chroma.

The rich colours are smooth and easily manipulated with a brush or palette knife. They may be used alla prima or with mediums to extend, control viscosity and luster. Due to their high pigment concentration, extending with mediums is recommended.

All pigments have been selected for permanence, purity and lightfastness. There are no fillers or extenders used in the formulas. The pigment size and shape dictate the colour's gloss value. Once dry, the paint film will remain flexible and resistant to climatic changes.

Willie Wong Classes

Willie Wong has been teaching pencil, watercolor, acrylic, and oil painting for over 20 years to students of all ages and all skill levels, but he excels at inspiring beginner artists with his easy to learn watercolor basics.

Providing his students with his tried and true watercolour techniques, he walks each student through a piece of their choosing from start to finish. Most of his students are exceedingly pleased with their results, as they beam over their own little version of Willie's signature watercolors.

While watercolour is his specialty, he has recently been experimenting in the bright and bold world of acrylic and his students couldn't be having more fun right along side him.

Willie will work with you in any medium and any subject matter... he's nothing, if not versatile.

Michael Harding Oil Colours

Michael Harding Oil paints are made by hand, using techniques which date back to the days of the Old Masters. There is a very simple reason for this painstaking process. Michael Harding as an artist and painter wanted to create colours that were true and vibrant, and paint which was beautiful and durable. The greater the pigment content of a paint the greater the resistance it has to fading. Nearly all manufacturers use various fillers to extend the volume of the oil paint. He totally refuse to do this. Why make something exceptional and then dilute it? Michael Harding will not claim that his paints will turn you into a great painter, but he can promise they will have a profound effect on your work. Your colours will be stronger and richer, and you will find the texture of the paint incomparable. You will love working with them. Try them. You will be amazed.

Holbein Painting Knives

Hand-forged stainless steel blades made from one piece of steel and a hard wood handle allow for predictable balance and adequate strength for years of reliable use. The 12 degree neck angle will allow the artist to hold the knife normally without point contact with the canvas surface. MX knives are flexible, strong and rust-proof. Choose from five shapes in both standard flexibility (S) and stiff flexibility (H) formats. The MX is a superior quality painting knife.

Sienna Counterweight Easel

The easel is counterbalanced by standard weight plates (not included), that can be purchased at any sports equipment store. The three versatile canvas holders can accommodate small 8"x10" painting panels up to giant 72" tall canvases, and anything in between. Once you see how versatile and easy the Sienna Counterweight Easel is to use, you will never want to paint on anything else. Features: Counterbalanced lifting and lowering of the easel carriage. Lift or lower with a touch of the handle. Two knobs lock the easel carriage in place so the easel will never move unless you want it to. Change from a standing to sitting work position in seconds by adjusting your painting height. No more loud winches, complicated cranks, or awkward height adjustment knobs. Three canvas holders provide maximum flexibility The top and optional lower canvas holder (included) feature panel clips for holding thin painting panels. Unique clamping discs provide substantial clamping power and won't mar the wood surface of the easel. Center mast extends when painting extra large canvases over 48" tall.

#SAVE HARCOURT HOUSE

Where Edmonton Community Artists Network (W.E.C.A.N.) Society/Harcourt House Artist Run Centre must raise a total of 3.5 million dollars by November 30, 2024 to purchase the Harcourt House Buildings to make this home of 37-years permanent, stable, and sustainable. Most of the needed funds will come from major donor sources.

However, the support of the community is necessary to our fundraising efforts. Harcourt House has set up a GoFundMe account for people who want to help with whatever they can afford.
