Amsterdam Stand. Acrylic

Acrylic colours are a quick-drying paint based on 100% acrylic resin (a synthetic dispersion). When applying acrylic colours thinly and/or thinned with water, a watercolour effect can be obtained. Usually, however, acrylic colours are applied thickly and the result appears like that of oil colours. Many artists prefer acrylic colours because acrylic colours dry much more quickly than oil colours and are practically odourless. **77 colours** available in 120ml. And 500 ml. containers. Progresso Woodless Coloured Pencils Sets

Koh-I-Noor uses rich, top quality pigments for their Progresso woodless pencils. These They also maintain excellent light permanency, creating vibrant, durable pieces of art. Another key component of the are the special oils used in the pencil lead. These oils, along with other binders, allow the pencil to create dense, even strokes without the use of heavy pressure. These 7.6mm lead diameter are not encased in wood like other pencils; this reduces the loss from sharpening and maximizes the use of the entire lead. The end result is water-resistant, non-toxic and suitable for all artists.

Flashe Matte Vinyl Paint

Flashe is an extra fine, vinyl-based professional grade of matte permanent colors. It offers optical characteristics similar to gouache, old tempera paints and primitive painting grounds - the result is matte, velvety and opaque. Extremely highly pigmented, Flashe may be diluted with water to create a range of possible techniques - from dense, highly opaque application to transparent watercolor effects. Flashe is so versatile, it may be used inside or outside. The supple film offers good adherence and resistance to weather aggression [12LEF...](#)

Mi-Teintes Pastel Paper

Canson® Mi-Teintes® is a pulp-dyed colour paper that has won worldwide recognition for its qualities. It is gelatine stock-sized which limits the absorption

of pigments in order to show colours at their best. It has a high cotton content (more than 50%) combining mechanical resistance and a sensuous feel. Canson® Mi-Teintes® complies with the ISO 9706 standard on permanence, a guarantee of excellent conservation. Furthermore it has the advantage of having a different texture on either side: a honeycombed side characteristic of Mi-Teintes®; and fine grain on the other. It boasts the richest range of colours on the market, with 50 light-resistant tones. [57CAN70723...](#)

Gotrick Competitive (Standard Artist) Stretched Canvas

Crafted from 7 oz 100% pure cotton, this canvas offers a dependable and durable surface that artists can rely on. Its subtle texture is ideal for a myriad of artistic expressions, from intricate strokes to bold color splashes. The canvas is expertly stretched over 3/4 inch thickness stretcher bars. These thinner bars are perfect for artists who prefer a closer proximity to their working surface and a sleek, modern display profile.
